Subject
Job description

SENIOR ARCHITECT/ URBAN DESIGNER (PROJECTS LEADER)

Date
September 2021

Salary guide:
£36,000 - upwards, negotiable dependant on experience
(plus company benefits structure)

Location
London

We are looking for an experienced architect or urban designer with knowledge of the London regeneration landscape to join our growing team in our London office. We Made That is delivering an increasing number of large masterplanning projects, influential spatial strategies and large scale public delivery projects, and seek a candidate capable of leading projects and progressing within the practice. This new team member should be fluent at operating at a senior level and have a desire to work alongside the practice partners and senior management team. You will be driven by wanting to help create equitable cities through incisive research and impactful projects.

The ideal candidate will be responsible for delivering masterplans, strategies and built projects at a range of scales across the capital and the UK and will be responsible for leading small project teams. The role will include consideration of the environmental and social impact of our work.

Experience

Candidates applying should:

- have a Masters qualification in urban design, architecture or similar related subject
- have demonstrable strategic or master planning experience in the UK for public bodies
- Have experience of all stages of the design process, from inception to on-site delivery
- have held roles independently leading on project development
- have experience of leading a team of assistants, overseeing project resourcing levels and time management
- be familiar with London's regeneration context and best practice
- be seeking opportunity for career progression within the office from this level to a role pursuing, securing and shaping the outputs of the

- practice
- be keen to understand environmental and social performance aspects of your work; and
- demonstrate a powerful public conscience in pursuing project goals and practice aims

Skills

You must be a talented architect or urban designer and have good technical knowledge with a great eye for presentation. You should have an ability to drive project design development, work directly with local authority clients and manage both internal and consultant teams. Excellent communication skills and a desire to contribute to lively, creative & productive team working required. Experience with Vectorworks and Adobe CS are essential, and with GIS software is preferred.

How to apply

Please send a digital copy of your CV to jobs@wemadethat.co.uk (max 10MB) along with a covering letter outlining how you meet the criteria. Mark the subject line with 'Senior Architect/ Urban Designer'.

Pay will be commensurate with experience and we would request that you set out your pay expectations in the covering letter.

Deadline

Deadline for applications is 30th September 2021.

Candidates must be eligible to work in the UK, based in our London office, and would ideally be available to start in October 2021. We Made That operate a blended working model, allowing for flexibility of working from home and from the office.

We Made That is London Living Wage accredited and an equal opportunities employer. We are keen that our practice reflects the diversity of communities we design for, and welcome and encourage applications from under-represented groups.

About We Made That

We Made That is an energetic architecture and urbanism practice with a strong public conscience. We work with our clients to prepare incisive urban research, to develop responsive area strategies and masterplans and to deliver distinctive architecture and public realm projects.

All our work is public, and we aim to make imaginative and considered contributions to the built environment through socially-engaged design processes.
